

## Sanctity of Human Life Sunday

Sunday was the anniversary of the 1973 SCOTUS (Supreme Court of....) decision on Roe vs. Wade granting permission for abortion on demand here in America. Norma McCovey, the Plaintiff in the case, has since become a Christian and advocated for life.

Scriptural snapshots of the baby in the womb:

- *"...from a child (brephos) you have known the Holy scriptures"* 2 Timothy 3:15 Paul to Timothy speaking of the influence his mother and grandmother had on him. The Greek word for a baby in the womb (i.e. unborn infant) is used here.
- *"formed me from the womb"* Isaiah 49:1, 5
- *"...from your mother's womb I chose you"* God calls Jeremiah 1:5
- *"The moment you walked in the room the baby leaped in my womb"* Luke 1:41, 44. Elizabeth is greeted by Mary, the mother of Jesus speaking of John, his cousin
- *"You knit me together in my mother's womb"* David in Psalm 139:13-16

God's law:

- *"You shall not kill"* Exodus 20, Deuteronomy 5
- If a pregnant woman is killed it is counted as a double homicide
- *"Yea, they sacrificed their sons and their daughters unto devils, and shed innocent blood, even the blood of their sons and of their daughters, whom they sacrificed unto the idols of Canaan: and the land was polluted with blood..."* Psalm 106:37 The Gods of the Canaanites were Ashterah, Baal, and Molech: sexual pleasure, financial prosperity, false religion respectively.

We know from the story of David and the child born to Bathsheba out of wedlock that children that die go to heaven: 1 Samuel 12:22-23

The diabolical plot of the dragon to devour the "seed of the woman" (Revelation 12). The ancient prophecy in Genesis 3:15 as played out by...

- Pharaoh destroying the baby boys in Moses' day
- The Israelites offering their sons and daughters to the Canaanite gods
- Herod ordering the Bethlehem blood bath in Jesus' day
- Hitler's annihilation of 6 million Jews in the holocaust
- The passing of Roe vs. Wade in 1973 and the resulting abortion of an estimated 63 million babies in America alone
- Society's acceptance of homosexuality which does not produce offspring
- The abduction and murder of women and children in sex trafficking

I posted this on Facebook today: "We prayed for an end to the slaughter of the innocents in abortion and a champion arose... They preyed on him and he has prevailed"

In a previous post I wrote:

The Backstory to the Trump Administration: In 2015 my daughter in law graduated from Berkeley and we attended her commencement exercises. The keynote speaker was the founder of Salesforce. He used his time to tell the story of how he was driving along and heard on the radio that the governor of Indiana was about to sign a religious liberty law giving people of faith the opportunity to not be held liable if they were asked to do something against their conscience such as bake a cake for a gay couple etc. The speaker got on the phone with the governor and told him that if he signed that bill into law he would call all of his colleagues and they would pull out and sink the state of Indiana. The audience applauded. That Governor was Mike Pence.

In the election cycle of 2016 I saw Donald Trump face off with Hillary Clinton over late term abortion. Hillary stood for a women's right to choose, Donald was against abortion.

We had been studying the book of Esther and, as hate filled Haman had masterminded the genocide of the Jewish people by Persia, Mordecai said to his surrogate daughter, "If you remain silent at this time, help will arrive from another place, however you and your family will be lost. How do you know that you were not created for such a time as this?" Esther called a three day fast and saved her people.

I decided that I needed to fast for the life of the unborn. I did a three day full fast and then a 10 day Daniel vegetable and water diet. I posted on Facebook the call to vote pro-life using Esther's victory as the precedent.

The feedback was vicious, even from loved ones. I was seen as a one issue voter and soundly quieted.

I received in the church mail a request from a youth group to pray 2 Chronicles 7:14 going into the election. Interested, I discovered that they took this on as a project to reach out to every church in America with this call to prayer and action. I liked Barak Obama as a person. I wept at his inauguration and was inspired by his persona but disagreed with his policies and voted against both his terms due to the destruction that I was seeing in our nation and it's moral foundations.

Everyone seemed critical of Donald Trump but the more I read of him and heard him the more I realized his heart for our nation. When he chose Mike Pence as his running mate I knew that he was the man to turn America around policy wise.

Mike Pence is a man of integrity, faith and prayer. When people asked me who I was voting for I said, "Mike Pence" because frankly I saw Donald Trump as a bad moral example to our nation.

What I did not know was the story of "The Trump Prophecy." Mark Taylor was a fireman traumatized by the death of a child he tried to rescue from a burning building. As he struggled with Post Traumatic Stress Disorder he began to receive messages from God. Not a church attender or Bible reader he began his spiritual

journey and shared his “visitations” with his therapist. Mark had journaled these experiences and this message that God had chosen Trump to lead our nation. His counselor had an intercessor for a wife and requested that Mark give him a copy of his journal. His wife got on the phone and began enlisting intercessors with the line, “I don’t really like the man but God wants Donald Trump to be president of the United States.” A prayer movement began and on election day we saw a dramatic, decisive victory. Intercessors blew shofars across the nation.

The media reported collusion with Russia; actually it was collusion with heaven, but they don’t believe in heaven....

The push back was unbelievable. The man was resisted and vilified from the very beginning. Women were furious, they took to the streets. As the drama unfolded the two agendas for America were colliding: those whose goal was globalism, socialism and environmentalism were counteracted by a bully in the pulpit who was intent on “making America great again” with nationalism, capitalism and the sanctity of human life.

Now as we approach the 2020 election we can believe the media’s fake news narrative, the educational system’s bankrupt secular agenda revisionist history, Hollywood’s immoral menu of filth and hedonism or we can walk into the future to rebuild the moral foundations of our nation.

When God's people, enslaved and groaning in Egypt, cried out, He sent a deliverer. Moses was not a moral man. When he chose Zipporah, a heathen, he violated the marriage covenant. He murdered an Egyptian and tried to cover it up. With his speech impediment he was not a good speaker. He broke the Ten Commandments by throwing them down to the ground. In anger He disobeyed God when he struck the rock when instructed to speak to it. His own people rose up against him in Korah's rebellion; they grumbled and complained. God raised up an imperfect, angry, immoral man to stand up to Pharaoh, the baby killer, and free His people from oppression.

Folks, it wasn't about Moses, it was about God.
